Re: Notices of Violations, Docket #s 4424-09, 4588-09, 4913-11, 4750-10, and 4978-12

Dear Mr. Edwards:

Thank you for the submittal of payment to fulfill the stipulated cash settlement within the Settlement Agreement, and completing the permit application for modification of coal unloading and handling processes at the Laramie Cement Plant. The payment was received on March 25, 2015 and the Notice of Violation was closed on that date. The permit application included a Dust Control Action Plan as per the settlement agreement. Permit MD-15420 was issued on March 3, 2015. The Division is satisfied that the requirements stipulated within the Settlement Agreement have been completed and the file will be annotated to reflect this. We appreciate the opportunity to work in a collaborative capacity with Mountain Cement Company to resolve compliance concerns.

If you should have any questions, please feel free to contact Ann Shed at (307) 777-8601.

Sincerely,

Steven A. Dietrich
Administrator
Air Quality Division
